Term 4 seems to have come around very quickly, and before we know it, it will be Christmas. I am sure we are all looking forward to some warmer weather and being able to spend time in the garden. It will be lovely to see all of the wonderful spring flowers and include them into our classes.

I feel so blessed that painting is the most amazing form of revitalisation for me. The joy of discovering a plant, with its marvelous colours, forms, lines, patterns and stages of life cycle – then being able to tell its life story through paint, just intrigues, challenges and delights me. How lucky we are to be able to derive such enormous pleasures and peace in studying and painting plants.

I look forward to seeing you all at the start of a new term.
